About San Antonio Regional Hospital

[San Antonio Regional Hospital](#) in Upland, California is a 363-bed, nonprofit, acute care hospital that combines excellent clinical care with exceptional compassion. The award-winning hospital offers a comprehensive range of general medical and surgical services, along with the latest technological advances in cardiac care, cancer care, orthopedics, neurosciences, women’s health, maternity and neonatal care, and emergency services. Founded in 1907, with only 18 beds and 5 physicians, San Antonio Regional Hospital is continually growing with its community and is now recognized as a premier regional medical facility with satellite locations across the rapidly expanding Inland Empire. Given its broad geographic reach and the depth and breadth of its services and programs, supported by the latest medical science and technology, San Antonio is a hospital of the future, offering state-of-the-art healthcare services in a healing environment focused on the patient and family.
