

# SAN ANTONIO REGIONAL HOSPITAL

~ May 2026 CME Presentations ~

Thursday, May 14<sup>th</sup>

12:15 pm

Presentation via Zoom

This activity will encompass the following Desirable Physician Attributes: Patient Care & Procedural Skills, Medical Knowledge, Professionalism, Interpersonal & Communication Skills, Practice-Based Learning & Improvement, and Systems-Based Practice.

1.0 ABA MOC Credit  
1.0 ABS MOC Credit  
& 1.0 ABTS MOC Credit

## “ERAS FOR THE CARDIAC SURGERY PATIENT”

**Yas Sanaiha, M.D.** – Assistant Clinical Professor, Division of Cardiac Surgery, David Geffen School of Medicine, University of California, Los Angeles

### Desired Outcomes:

At the conclusion of this activity, participants will be able to:

- ❖ Integrate into practice and follow ERAS for cardiac surgery patients’ protocols
- ❖ Consider the difference between the immediate vs. rapid emergence protocols for cardiac surgery patients
- ❖ Provide enhanced patient care appropriately
- ❖ Educate and communicate with patients preoperatively and postoperatively to obtain best results after surgery
- ❖ Reflect on the patient populations most affected by the need for cardiac surgery and consider how implicit bias may impact appropriate care of these patients

The presentational methods for this activity are Case Presentation with Learner Participation and Lecture with Q&A. The activity content is geared toward Cardiac Surgeons and Anesthesiologists, but all physician specialties, as well as Physical Therapists, Nurses, and Dieticians are invited to attend.

Thursday, May 28<sup>th</sup>

12:15 pm

Presentation via Zoom

This activity will encompass the following Desirable Physician Attributes: Patient Care & Procedural Skills, Medical Knowledge, Professionalism, Practice-Based Learning & Improvement, and Systems-Based Practice.

1.0 ABIM MOC Credit  
& 1.0 ABPath MOC Credit

## “HEREDITARY ANGIOEDEMA”

**Heena Shah-Patel, M.D.** – Allergist/Immunologist, Inland Allergy, Upland, CA

### Desired Outcomes:

At the conclusion of this activity, participants will be able to:

- ❖ Consider new medications and treatments available for hereditary angioedema (HEA)
- ❖ Gain access to new medications and treatment that are not formulary
- ❖ Recognize signs and symptoms of HEA in patients at an age at risk for development
- ❖ Collect thorough family history
- ❖ Reflect on the patient populations most affected by hereditary angioedema and consider how implicit bias may impact appropriate care of these patients

The presentational methods for this activity are Case Presentation with Learner Participation and Lecture with Q&A. The activity content is geared toward Emergency Department Physicians, Internal Medicine Physicians, and Allergists, but all physician specialties are invited to attend.

Price Room & via Zoom

1.5 AMA PRA Category 1 Credits™, 1.5 ABA MOC Credits, 1.5 ABIM MOC Credits, 1.5 ABPath MOC Credits, 1.5 ABTS MOC Credits.  
This activity awards 0.75 credit specific to the application of fluoroscopy/X-ray, with 0.25 of that credit specific to radiation safety. This activity fulfills 1.5 hours of Geriatric credit, as outlined in AB1820.

San Antonio Regional Hospital is accredited by the California Medical Association (CMA) to provide continuing medical education for physicians.

San Antonio Regional Hospital designates each live activity for a maximum of 1.5 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity contributes to the CME component of the American Board of Anesthesiology’s redesigned Maintenance of Certification in Anesthesiology™ (MOCA®) program, known as MOCA 2.0®. Please consult the ABA website, [www.theABA.org](http://www.theABA.org), for a list of all MOCA 2.0 requirements.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 1.5 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Successful completion of this CME activity enables the participant to earn up to 1.5 Lifelong Learning (CME) MOC points in the American Board of Pathology’s (ABPath) Maintenance of Certification (MOC) program.

Successful completion of this CME activity, enables the learner to earn credit toward the CME requirements of the American Board of Surgery’s Continuous Certification program. It is the CME activity provider’s responsibility to submit learner completion information to ACCME for the purpose of granting ABS credit.

Successful completion of this CME activity enables the learner to earn credit toward the CME of the American Board of Thoracic Surgery’s Maintenance of Certification program. It is the CME activity provider’s responsibility to submit learner completion information to ACCME for the purpose of granting ABTS credit.

In accordance with the Americans with Disabilities Act (ADA), please call the Medical Staff Office at (909) 920-4945 should you require special assistance.
